

We are Qorvo®

Core RF Solutions

Qorvo At-A-Glance

- 7,900+ global employees
- Trailing 12-month revenue: \$3.7 billion
- Nasdaq: QRVO
- Innovative radio frequency (RF) solutions for everything that connects the world
- Offering competitive advantages in manufacturing, product and technology leadership, engineering, customer relationships
- Providing solutions for three key markets: mobile, infrastructure & defense

Centered on Customers

Qorvo helps customers by solving RF complexity. Only Qorvo offers all core technologies needed to deliver highly integrated solutions that Connect, Protect and Power™ the world. The company brings 30+ years of end-to-end expertise, from the network to the device.

Innovation at Its Core

Qorvo brings unique strengths to innovative solutions for diverse, high-growth segments of large global markets. The company enjoys multiple, long-term growth drivers to address opportunities in Wi-Fi, 5G, gallium nitride (GaN), and the Internet of Things (IoT).

Your Smart Partner for the World's Toughest RF Challenges

Qorvo brings unique expertise in core RF to 5G and Wi-Fi networks, the IoT and other emerging applications that connect people, places and things. Qorvo technology and products enable global connections with more data capacity and always-on reliability. Whether for mobile devices, communications infrastructure or defense systems, Qorvo has the design, manufacturing, applications engineering and global resources to serve the world's leading customers.

Key Applications Automotive | 4G and 5G Cellular Networks | CATV Networks | Customer Premise Equipment (Wi-Fi Access Points and Smart Meters) | Data Storage | Defense & Aerospace | Gateways/Set-Top Boxes | Intelligent Motor Control | IoT (Internet of Things) | Mobile Devices | NB-IoT | Radar | Satellites

Key Products Amplifiers | Analog/Mixed-signal Power Solutions | Antenna Control Solutions | Communication SoCs (Systems on a Chip) | Control Products | Discrete Components | Filters & Duplexers | Frequency Converters | Integrated Modules | Mobile Wi-Fi Solutions | Multiplexers | Oscillators | RF Fusion™ and RF Flex™ Solutions | RF MEMS | Switches | Ultra-wideband (UWB) Solutions

Our robust technology portfolio enables Qorvo to best deliver a variety of integrated modules.

Manufacturing Scale

Support large customers with high-volume manufacturing expertise

Product Leadership

Design and build high-value RF solutions to stringent customer demands

Systems Knowledge

Diverse engineering expertise spanning process, product and packaging technologies

Customer Relationships

Trusted supplier capable of solving customers' largest RF challenges
