We are Qorvo®

Qorvo At-A-Glance

- 8,500+ global employees
- Fiscal year 2023 revenue: $3.6 billion
- Nasdaq: QRVO, an S&P 500 Company
- Innovative connectivity and power solutions
- Competitive advantages in manufacturing, product and technology leadership, engineering, customer relationships
- Providing solutions for diverse, high-growth segments of large global markets

Centered on Customers
Qorvo helps customers by solving RF and power complexity. Only Qorvo offers all core technologies needed to deliver highly integrated solutions that help connect, protect and power the planet. The company brings 30+ years of end-to-end expertise, from the network to the device.

Centered on Innovation
Qorvo brings unique strengths to innovative solutions for diverse, high-growth segments of large global markets. The company serves diverse high-growth segments of large, global markets, including consumer electronics, smart home/IoT, automotive, EVs, battery-powered appliances, network infrastructure and aerospace/defense.

Qorvo supplies innovative semiconductor solutions that make a better world possible. Qorvo’s connectivity and power technology maximize efficiency in consumer electronics and a broad range of commercial and defense applications. The Company combines product and technology leadership, systems-level expertise and global manufacturing scale to solve its customers’ most complex technical challenges.

Key
- Automotive
- CATV Networks
- 4G & 5G Cellular Networks

Applications
- Customer Premises Equipment (Wi-Fi Set-top Boxes & Gateways/Routers)
- Data Storage
- Defense & Aerospace
- Enterprise Networks (Wi-Fi Access Points)
- Electric Vehicle
- Human-Machine Interface (HMI)
- Industrial Power
- Intelligent Motor Control
- IoT Networking & End-Nodes (Bluetooth®, Zigbee & Matter™)
- Mobile Devices
- NB-IoT
- Radar
- Satellites

Key Products
- Amplifiers
- Analog/Mixed-signal Power Solutions
- Antenna Control Solutions
- Communication SoCs (Systems on a Chip)
- Control Products
- Discrete Components
- Filters & Duplexers
- Frequency Converters
- Integrated Modules
- Mobile Wi-Fi Solutions
- Multiplexers
- Oscillators
- RF Fusion® & RF Flex® Solutions
- RF MEMS
- Silicon Carbide FETs & JFETs
- Switches
- Ultra-wideband (UWB) Solutions

Recognized by the Global Semiconductor Alliance as the Most Respected Public Semiconductor Company*  
*Companies with $1 billion to $5 billion in annual revenue

Manufacturing Scale
Support large customers with high-volume manufacturing expertise

Product Leadership
Design and build high-value RF and power solutions to stringent customer demands

Systems Knowledge
Diverse engineering expertise spanning process, product and packaging technologies

Customer Relationships
Trusted supplier capable of solving customers’ largest technical challenges
