May 28th 2014 at The Minneapolis Marriott City Center Hotel in Minneapolis, MN
* Given the meeting format of this conference it will not be webcast
- The Bank of America / Merrill Lynch 2014 Global Technology Conference
June 4th 2014 at The Ritz Carlton Hotel in San Francisco, CA

A link to the live audio webcast of the Bank of America / Merrill Lynch conference and the presentation materials will be available on the investor section of the TriQuint website at <http://invest.triquint.com/>.

FACTS ABOUT TRIQUINT

Founded in 1985, TriQuint Semiconductor (NASDAQ: TQNT) is a leading global provider of innovative RF solutions and foundry services for the world's top communications, defense and aerospace companies. People and organizations around the world need real-time, all-the-time connections; TriQuint products help reduce the cost and increase the performance of connected mobile devices and the networks that deliver critical voice, data and video communications. With the industry's broadest technology portfolio, recognized R&D leadership, and expertise in high-volume manufacturing, TriQuint creates standard and custom products using gallium arsenide (GaAs), gallium nitride (GaN), surface acoustic wave (SAW) and bulk acoustic wave (BAW) technologies. The company has ISO9001-certified manufacturing facilities in the U.S., production in Costa Rica, and design centers in North America and Germany. For more information, visit www.triquint.com.
