TriQuint to Present at Upcoming Investor Technology Conferences

HILLSBORO, Ore.--(BUSINESS WIRE)-- TriQuint Semiconductor, Inc. (NASDAQ: TQNT), a leading RF solutions supplier and technology innovator, today announced that executives will be presenting at two technology conferences hosted by Barclays and BAML, both of which will be available through a live webcast. TriQuint will also participate in two other investor conferences organized by D.A. Davidson and Craig-Hallum.

- Barclays Global Technology, Media and Telecommunications Conference* — Thursday, May 23 at 9:00 a.m. Eastern Time from the Crowne Plaza Times Square Manhattan Hotel
- D.A. Davidson 5th Annual Technology Forum — Wednesday, May 29 at the Grand Hyatt New York Hotel
- The 10th Annual Craig-Hallum Institutional Investor Conference — Wednesday, May 29 at the Minneapolis Marriott City Center
- Bank of America Merrill Lynch (BAML) 2013 Global Technology Conference* — Wednesday, June 5 at 1:45 p.m. Pacific Time from the Ritz-Carlton Hotel, San Francisco

*Live audio webcasts of the Barclays and BAML presentations will be available on the investor relations page of the Company's web site at the following URL: invest.triquint.com. Following the live webcasts, archived versions will be available on the TriQuint website.

FACTS ABOUT TRIQUINT

Founded in 1985, TriQuint Semiconductor (NASDAQ: TQNT) is a leading global provider of innovative RF solutions and foundry services for the world's top communications, defense and aerospace companies. People and organizations around the world need real-time, all-the-time connections; TriQuint products help reduce the cost and increase the performance of connected mobile devices and the networks that deliver critical voice, data and video communications. With the industry's broadest technology portfolio, recognized R&D leadership, and expertise in high-volume manufacturing, TriQuint creates standard and custom products using gallium arsenide (GaAs), gallium nitride (GaN), surface acoustic wave (SAW) and bulk acoustic wave (BAW) technologies. The company has ISO9001-certified manufacturing facilities in the U.S., production in Costa Rica, and design centers in North America and Germany. For more information, visit www.triquint.com.
