## **RF Micro Devices to Webcast Fiscal 2005 Annual Meeting of Shareholders on August 2, 2005**

Reminder - First Quarter Earnings Conference Call To Be Webcast July 26, 2005

GREENSBORO, N.C., July 19 /PRNewswire-FirstCall/ -- RF Micro Devices, Inc. (Nasdaq: RFMD), a leading provider of proprietary radio frequency integrated circuits (RFICs) for wireless communications applications, today announced that it intends to provide a live audio webcast of its fiscal 2005 annual meeting of shareholders. The annual meeting is scheduled for Tuesday, August 2, 2005, at 10:00 a.m. Eastern Time, at the Greensboro-High Point Airport Marriott, One Marriott Drive, Greensboro, North Carolina. Investors may access the audio webcast of the annual meeting over the Internet at [www.rfmd.com](http://www.rfmd.com) (under Investor Info).

Interested individuals are encouraged to access the link to the webcast prior to its commencement to ensure the availability of the necessary audio software. Individuals accessing the presentation via the webcast will not be able to vote, ask questions or otherwise participate in the meeting. An audio replay of the meeting will be available later in the day at the Company's website.

### 2006 First Quarter Conference Call Details

The Company is also scheduled to announce June 2005 quarterly results on July 26, 2005 at 4:00 p.m. Eastern Time, with an accompanying conference call at 5:00 p.m. Eastern Time. The July 26, 2005 conference call will be broadcast live over the Internet at [www.rfmd.com](http://www.rfmd.com) (under Investor Info) and will also be available by dialing (303) 262-2052. A replay of the July 26, 2005 conference call will be available by dialing (303) 590-3000 and entering pass code 11034439.

RF Micro Devices, Inc., an ISO 9001- and ISO 14001-certified manufacturer, designs, develops, manufactures and markets proprietary radio frequency integrated circuits (RFICs) for wireless communications products and applications. The Company is a leading supplier of power amplifiers, one of the most critical radio frequency (RF) components in cellular phones. The Company is also the leading manufacturer of GaAs HBT, which offers distinct advantages over other technologies for the manufacture of current- and next- generation power amplifiers. The Company's products are included primarily in cellular phones, base stations, wireless local area networks (WLANs), cable television modems and global positioning systems (GPS). The Company derives revenue from the sale of standard and custom-designed products. The Company offers a broad array of products including amplifiers, mixers, modulators/demodulators and single-chip transmitters, Bluetooth® products and receivers and transceivers that represent a substantial majority of the RFICs required in wireless subscriber equipment. The Company's goal is to be the premier supplier of low-cost, high-performance integrated circuits and solutions for applications that enable wireless connectivity. RF Micro Devices, Inc., is traded on the Nasdaq National Market under the symbol RFMD. For more information about RFMD, please visit [www.rfmd.com](http://www.rfmd.com).

This press release contains forward-looking statements that relate to RF Micro Devices' plans, objectives, estimates and goals. Words such as "expects," "anticipates," "intends," "plans," "projects," "believes" and "estimates," and variations of these words and similar expressions, identify these forward-looking statements. RF Micro Devices' business is subject to numerous risks and uncertainties, including variability in quarterly operating results, the rate of growth and development of wireless markets, risks associated with the operation of wafer fabrication, molecular beam epitaxy and other foreign and domestic manufacturing facilities, our ability to attract and retain skilled personnel and develop leaders, variability in production yields, our ability to reduce costs and improve gross margins by implementing innovative technologies, our ability to bring new products to market, our ability to adjust production capacity in a timely fashion in response to changes in demand for our products, dependence on a limited number of customers and dependence on third parties. These and other risks and uncertainties, which are described in more detail in RF Micro Devices' most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission, could cause actual results and developments to be materially different from those expressed or implied by any of these forward-looking statements.
